SESSION DESCRIPTIONS

Session 1 – Keeping Current

Ilene H. Ferenczy and S. Derrin Watson

SECURE 2.0 provisions are still on your mind, and some are already effective or looming large for 2023. Here's our review of these rules, as well as our practical suggestions for how to approach the changes that are coming up. (Okay, and we may also add some editorial comments!)

Session 2 – Legislative and Regulatory Update

Ilene H. Ferenczy, Alison J. Cohen, and S. Derrin Watson

We'll continue our SECURE and SECURE 2.0 discussions (particularly if we get any guidance between now and the conference). In addition, we'll talk about the other guidance that has been issued by the IRS and DOL, as well as any other up-to-the-minute stuff you should know about.

Session 3 – M&A Primer

Ilene H. Ferenczy

The first of 4 "deep dive" topics for this year's POP: this session will provide the primer that helps everyone remember the important rules for handling plan issues after a company acquisition or disposition, particularly when the client doesn't see fit to tell you about it until months after it happens! In addition to just talking about the issues, we'll discuss solutions for the problems that arise ... which will be of help in the next session!

Session 4 – M&A Immersive

The Ferenczy Players

Here's where you get to experience an M&A dumpster fire in real time, and work with our lawyers and consultants to diagnose and consider how to repair the situation. It's like a Disney ride for pension nerds! This immersive session is like nothing you've ever seen before. Bring your experience, your knowledge, and what you just learned in the last session and apply it all to a real case!

Session 5 – Controlled Group/ASG Primer

S. Derrin Watson and Adriana M. Starr

Here's our second "deep dive" topic. Join Derrin, the Yoda of controlled and affiliated service groups, for a discussion that will impart the knowledge you need to identify and analyze when these situations arise and what to do. Study with a master!

SESSION DESCRIPTIONS (CONT.)

Session 6 – Controlled Group/ASG Immersive

The Ferenczy Players

Remember, "there is no try, there is only do" and apply everything you just learned to our second immersive experience. I'll give you a Clue ... the Miss Peach Cobbler, Professor Plum, and Colonel Mustard companies need your help to move forward.

Session 7 – EPCRS

Adrienne I. Moore, Carolyn M. Cumbee, and Leah E. Dean

Third "deep dive": you've seen the mess that our Clue players have made with their plans. Now, let's see how to put them back on the road to success. Join your heads and experience with those of our correction team and solve the problems of the past.

Session 8 – Reporting Back and Plan Redesign

Jason Douthit, Carolyn M. Cumbee, and Lindsey Dolbeer

Fourth "deep dive": Now that we've diagnosed and repaired the myriad issues facing our clients, let's work together to figure out what they should do with their plans going forward. And remember: we not only want to document their plans correctly, but we want to plan for the future as Miss Peach Cobbler, LLC continues to take over the shoe and condiment industry, one company at a time!

Session 9 – Ethics

Ilene H. Ferenczy and Alison J. Cohen

More chances for you to stretch your retirement plan thinking muscles. Life is full of ethical questions and gray areas, and you need to be prepared to deal with them all. Join our panel to apply the various Circular 230 and other ethical rules to interactive case studies. Who knows, an Academy Award is in your future!

Session 10 – Ask The Oracles

Ilene H. Ferenczy, Alison J. Cohen, S. Derrin Watson, Adrienne I. Moore, Carolyn M. Cumbee, Jason Douthit, Leah E. Dean, and Sara A. Liva

If the sessions of the past two days have raised questions in your mind, here's the time to get those answered. Our panel will take on all your worries and give you technical and practical knowledge to resolve your dilemmas. Join us for the last lively session of the day.
